III. The undersigned, identified in the request and hereunder as the certified party, undertakes vis-à-vis the applicant for or proprietor of the patent referred to in Section II not to make the biological material identified in Section I, or any biological material derived therefrom, available to any third party, and to use that material for experimental purposes only, until such time as the patent application identified in Section II is refused, withdrawn or deemed to be withdrawn, or until the European patent granted on the basis of that application has expired in all the designated states.

Where the sample of the biological material identified in Section I is to be made available to an expert only<sup>1</sup>, the above undertaking applies

- until the date on which the European patent granted on the basis of the patent application identified in Section II expires in all the designated states, or
- where the application is refused, withdrawn or deemed to be withdrawn, for twenty years from the date of filing of the application.
